LEGEND TEXTILES

Characterizes Karlowsky Fashion GmbH products that have been controlled and certified according to the STANDARD 100 by OEKO-TEX®. Textiles carrying this label have been tested for illegal, regulated or harmful substances and conform to valid human-ecological requirements of the Standard.

The validity of the certification STANDARD 100 by OEKO-TEX® of Karlowsky Fashion GmbH products expires after additional printing through Karlowsky Fashion. All additional embroideries are unaffected or excluded by this restriction and underlie the entire validity of the certification. For more information concerning the test criteria:

"Stretchable" marked articles are made of fabrics in which elastic fibres have been integrated. These fibres are particularly stretchable and provide perfect comfort with optimum freedom of movement.

"Breathable" marked articles are equipped with special ventilation vents and/or consist of fabrics that are particularly breathable. This provides continuous air circulation around the body for a cooling effect, even in very warm environments.

The Beau-Fixe®-treatment is a high-quality textile finishing method that improves fabric properties so the textile becomes crease-resistant and easy-iron. The improved properties reduce the effort of ironing and prevent occurring wrinkles while wearing. Treated fabrics are more resistant to machine wash, they dry faster and show a softer touch with elegant appearance.
